Awarded to

Southern Union Gas Company, Dallas, TX.

Oil and Gas Lease E-881, awarded June 10, 1946, to Southern Union Gas Company, as the highest and best bidder for Tract No. 15 (N2SE, Section 5, T. 17 S. – R. 33 E., N.M.P.M.) at the Regular sale of Oil and Gas Lease held that date.

The annual rentals on this lease were paid to June 10, 1954, as evidenced by rental payments noted on the following receipt and oil and gas record sheet.

Abstracters Note:

Lands described above assigned to Assignment No. 1

said lands having been awarded to lessee and designated as tract No. 15 at a public sale held by the Commissioner of Public Lands on June 10, 1946, 19 . (To be filled in only where lands are offered at public sale.)

TO HAVE AND TO HOLD said land, and all the rights and privileges granted hereunder, to and unto the lessee for a primary term of five (5) years from the date hereof, and as long thereafter as oil and gas in paying quantities, or either of them, is produced from said land by the lessee, subject to all the terms and conditions as hereinafter set forth:

In consideration of the premises the parties covenant and agree as follows:

1. Subject to the free use without royalty, as hereinbefore provided, the lessee shall pay the lessor as royalty one-eighth part of the oil produced and saved from the leased premises or the cash value thereof, at the option of the lessor, such value to be the price prevailing the day oil is run into a pipe line, if the oil be run into a pipe line, or into storage tanks, if the oil be stored.

2. The lessee agrees to pay the lessor the one-eighth of the net proceeds derived from the sale of gas from each gas well. If casing-head gas produced from said land is sold by the lessee, the lessee shall pay the lessor as royalty one-eighth of the net proceeds of said sale; if casing-head gas produced from said lands is utilized by the lessee otherwise than for carrying on the lessee's operations for producing oil or gas from said lands, then the lessee shall pay the lessor the market value in the field of the equal one-eighth part of the casing-head gas so utilized at the time of such utilization. Provided, however, the lessor may require the payment of royalty for gas produced under this lease at price per M. C. F. equal to the maximum being paid for gas of like kind and quality in the same field or area.

3. Lessee agrees to make full settlement on the 20th day of each month for all royalties due the lessor for the preceding month, under this lease, and to permit the lessor or its agents, at all reasonable hours, to examine lessee's books relating to the production and disposition of oil and gas produced. Lessee further agrees to submit to lessor annually upon forms furnished by lessor, verified reports showing lessee's operations for the preceding year.

4. It is expressly agreed that the consideration hereinbefore specified is a good, valid and substantial consideration and sufficient in all respects to support each and every covenant herein, including specifically the option granted the lessee to prevent the termination of this lease from year to year, by the payment or tender of the further rental hereinafter provided for.

An annual rental, at the rate of 25¢ per acre shall become due and payable to the lessor by the lessee, or by any transferee or assignee of the same, or any part hereof, where such transferee or assignee has been recognized, and such transfer or assignment approved by the lessor as hereinafter provided, upon each acre of the land above described and then claimed by such lessee, transferee or assignee hereunder, and the same shall be due and payable in advance to the lessor on the successive anniversary dates of this lease, but the annual rental on any assignment shall in no event be less than Six Dollars, (\$6.00).

In event the lessee shall elect to surrender any or all of said acreage, he shall deliver to the Commissioner a duly executed release thereof and in event said lease has been recorded, then he shall upon request furnish and deliver to said Commissioner a certified copy of a duly recorded release.

5. The lessee may at any time by paying to the State of New Mexico, acting by its Commissioner of Public Lands, or other authorized officer, all amounts then due as provided herein and the further sum of Ten Dollars (\$10.00), surrender and cancel this lease insofar as the same covers all or any portion of the lands herein leased and be relieved from further obligations or liability hereunder, in the manner as hereinbefore provided. Provided, this surrender clause and the option herein reserved to the lessee shall cease and become absolutely inoperative immediately and concurrently with the institution of any suit in any court of law or equity by the lessee, lessor or any assignee, to enforce this lease, or any of its terms express or implied.

6. All payments due hereunder shall be made on or before the day such payment is due in cash or by certified exchange at the Office of the Commissioner of Public Lands in Santa Fe, New Mexico.

7. The lessee with the consent of the lessor, shall have the right to assign this lease in whole or in part. Provided, however, that no assignment of any undivided interest in the lease or any part thereof, nor any assignment of less than a legal subdivision shall be recognized or approved by the lessor. Upon approval in writing by the lessor of an assignment, the assignor shall stand relieved from all obligations to the lessor with respect to the lands embraced in the assignment and the lessor shall likewise be relieved from all obligations to the assignor as to such tracts, and the assignee shall succeed to all of the rights and privileges of the assignor with respect to such tracts and shall be held to have assumed all of the duties and obligations of the assignor to the lessor as to such tracts.

8. Lessee agrees with reasonable diligence to offset all paying oil or gas wells drilled, within 300 feet of any of the land covered by this lease and retained hereunder.

9. The lessee agrees to notify the lessor of the location of each well before commencing drilling thereon, to keep a complete and accurate log of each well drilled and to furnish a copy thereof, verified by some person having actual knowledge of the facts, to the lessor upon the completion of any well, and to furnish the log of any unfinished well at any time when requested to do so by the lessor. If any lands embraced in this lease shall be included in any deed or contract of purchase outstanding and subsisting issued pursuant to any sale made of the surface of such lands prior to the date of this lease, it is agreed and understood that no drilling operations shall be commenced on any such lands so sold unless and until the lessee or his assignee shall have filed a good and sufficient bond with the lessor as required by law, to secure the payment for such damage to the livestock, range, water, crops or tangible improvements on such lands as may be suffered by the purchaser holding such deed or contract of purchase, or his successors, by reason of the developments, use and occupation of such lands by such lessee. Provided, however, that no such bond shall be required if such purchaser shall waive the right to require such bond to be given in the manner provided by law.

10. In drilling wells all water-bearing strata shall be noted in the log, and the lessor reserves the right to require that all or any part of the casing shall be left in any non-productive well when lessor deems it to the interest of the State of New Mexico to maintain said well or wells for water. For such casing so left in wells the lessor shall pay to the lessee the reasonable value thereof.

11. Lessee shall be liable and agrees to pay for all damages to the range, livestock, growing crops or improvements caused by lessee's operations on said lands. When requested by the lessor, the lessee shall bury pipe-lines below plow depth.

12. The lessee shall not remove any machinery or fixtures placed on said premises, nor draw the casing from any well unless and until all payments and obligations due the lessor under the terms of this agreement shall have been paid or satisfied. The lessee's right to remove the casing is subject to the provision of paragraph 10 above.

13. Upon failure or default of the lessee or any assignee to comply with any of the provisions or covenants hereof, the lessor is hereby authorized to cancel this lease and such cancellation shall extend to and include all rights hereunder as to the whole of the tract so claimed, or possessed by the lessee or assignee so defaulting, but shall not ex-

tend to, nor affect the rights of a lessee or assignee claiming any portion of the lands upon which no default has been made; provided, however, that before any such cancellation shall be made, the lessor shall mail to the lessee, or assignee so defaulting, by registered mail, addressed to the postoffice address of such lessee or assignee as shown by the records of the State Land Office, a notice of intention of cancellation specifying the default for which cancellation is to be made, and if within 30 days from the date of mailing said notice the said lessee or assignee shall remedy the default specified in said notice, cancellation shall not be made.

14. All the terms of this agreement shall extend to and bind the heirs, executors, administrators, successors and assigns of the parties hereto.

15. If the lessee shall have failed to make discovery of oil and/or gas in paying quantities during the primary term hereof, the lessee may continue this lease in full force and effect for an additional term of five (5) years and as long thereafter as oil and gas in paying quantities, or either of them is produced from the leased premises, by paying each year in advance, as herein provided, double the rental provided herein for the primary term, or the highest rental prevailing at the commencement of the secondary term in any rental district, or districts in which the lands, or any part thereof, may be situated, if it be greater than double the rental provided for the primary term.

16. If the lessee shall have maintained this lease in accordance with the provisions hereof and if at the expiration of the secondary term provided herein oil or gas is not being produced on said land but lessee is then engaged in bona fide drilling or reworking operations thereon, this lease shall remain in full force and effect so long as such operations are diligently prosecuted and, if they result in the production of oil or gas, so long thereafter as oil and gas in paying quantities or either of them is produced from said land; provided, however, such operations extending beyond the secondary term shall be approved by the lessor upon written application filed with the lessor on or before the expiration of said term, and a report of the status of all of such operations shall be made by the lessee to the lessor every 30 days and a cessation of such operations for more than 20 consecutive days shall be considered as an abandonment of such operations and thereupon the provisions hereof shall be of no further force or effect.

IN WITNESS WHEREOF, the party of the first part has hereunto signed and caused its name to be signed by its Commissioner of Public Lands thereunto duly authorized, with the seal of his office affixed, and the lessee has signed this agreement the day and year first above written.

Re: Option call for the taking of State royalty oil in kind from State Oil and Gas Lease No. E-881-1 (Tract 655) and purchase thereof by NAVAJO REFINING COMPANY pursuant to contract effective November 1, 1981.

Gentlemen:

The New Mexico State Land Commissioner has entered into a contract with NAVAJO REFINING COMPANY of Artesia, New Mexico 88210, whereby the latter company will purchase State royalty oil. The said Company has now designated for purchasing commencing November 1, 1981, at 7:00 A.M. State royalty oil presently being marketed by Monsanto Company or parties designated by you. This will serve to notify you that the State has elected to take its royalty oil in kind as authorized by lease contract from the wells as shown on the attached list. Inasmuch as you are the record lessee with whom the State is required by law to deal, it is therefore your responsibility to see that other interested parties are notified as to this election to take in kind. We are also sending a copy of this notice to unit operators in those instances where unit agreements are involved.

As a practical matter the oil will not be picked up at the lease location but will be delivered to NAVAJO REFINING COMPANY pursuant to a pipeline arrangement worked out by the subject company; therefore, there will be no physical change in the operation. The accounting should be somewhat similar to that used where joint ownership is handled by means of a split ticket.

If you have any question regarding the details as to the manner and method that NAVAJO REFINING COMPANY will arrange for the taking of this oil, please contact Mr. W. T. Lloyd, P. O. Box 159, Artesia, New Mexico 88210, Telephone No. (505) 748-3311.

INSTRUCTIONS AND INFORMATION

- ANNUAL RENTAL: The annual rental for the land in this Assignment is 50¢ per acre. The rental is due in advance and shall be paid to the Commissioner of Public Lands on the anniversary date of the original Lease agreement. The date of this Assignment does not change the annual rental due date. For any Assignment of any Lease initially issued prior to June 15, 1985, the annual rental shall not be less than six dollars (\$6.00). For any Assignment of any Lease initially issued after June 14, 1985, or of any Lease which has been stipulated to the new ten year Lease, the minimum rental is forty dollars (\$40.00).
- FIXED TEN-YEAR LEASE: This Lease provides for a fixed ten-year term, and for so long as oil or gas is produced in paying quantities. The ten-year period is divided into a primary term of five years, followed by a secondary term of five years. If no production is had during the primary term, the rental for the secondary term is double the rental of the primary term, or equal to the highest prevailing rental rate in the district, whichever is higher. Rentals continue even though production is had.
- FIXED FIVE-YEAR LEASE: This Lease provides for a fixed five-year term, and for so long as oil and gas is produced in paying quantities. The fixed five-year Lease has no secondary term. Rentals continue even though production is had.
- FILING: All Assignments must be filed in the State Land Office in triplicate, with original signatures on all three copies, within one hundred days from the date of signing, and must be accompanied by the recording fee.
- RECORDING FEE: The recording fee for each Assignment is thirty dollars (\$30.00). If, however, the Assignment is filed more than one hundred days from the date of signing, an additional fee of seventy-five dollars (\$75.00) is charged.
- PERSONAL CHECKS: When an Assignment is accompanied by a personal check, the Commissioner of Public Lands reserves the right to withhold approval of the Assignment until the check is paid.
- ASSIGNMENT DISAPPROVAL: An Assignment will not be approved when it is made:
 - to more than two persons;
 - for less than a regular subdivision. "Regular subdivision" means forty acres or a tract described by lot number, which tract may be more or less than forty acres;
 - for an undivided interest;
 - in the name of a trusteeship, unless the trust document is attached or on file, and not more than two persons are named as trustee;
 - after a lis pendens is filed;
 - including any change or addition to the language contained in the Assignment form;
 - where surety requirements have not been met; or
 - where the lease is not in good standing, provided, however, that approval by the Commissioner does not waive any rights or claims the Commissioner may have to rentals, royalties, or other obligations due to the Commissioner by the Assignor under the lease.
- COMPLETE ADDRESS: An Assignment must show the complete post office address of the Assignee.
- ACKNOWLEDGMENT: An Assignment must be executed before an officer authorized to take acknowledgments of deeds. Persons executing on behalf of a corporation or other business entity must indicate title or authority to execute.

ASSIGNMENT OF OIL AND GAS RIGHTS UNDER
STATE OF NEW MEXICO OIL AND GAS LEASE E-881-1

1956 JUN 21 AM 10 30

RECEIVED
STATE LAND OFFICE
SANTA FE, N.M.

THIS ASSIGNMENT, made and entered into this 29th day of June, 1956, by and between AZTEC OIL & GAS COMPANY, a Delaware corporation with offices at 920 Mercantile Securities Building, Dallas, Texas, (hereinafter referred to as "Assignor "), and LEONARD NICHOLS, (hereinafter referred to as "Assignee"),

W I T N E S S E T H :

WHEREAS, State of New Mexico Oil and Gas Lease No. E-881 was issued to Southern Union Gas Company on June 10, 1946, and was subsequently assigned to Assignor on January 1, 1955; and

WHEREAS, on April 19, 1956, Assignor and Leonard Nichols entered into a Farmout Agreement whereby Assignor agreed to assign certain oil and gas rights under the aforementioned lease to Leonard Nichols if certain obligations were met; and

WHEREAS, Leonard Nichols has fulfilled his obligations under said Farmout Agreement and now desires and requests that said oil and gas rights be assigned to him;

NOW, THEREFORE, for and in consideration of the premises and the obligations which have been performed by Leonard Nichols, Assignor does hereby sell, transfer, set over, and assign unto Assignee, his heirs, successors and assigns, subject to the conditions and reservations herein stated, the oil and gas rights in and under the following described lands down to a depth of forty six hundred (4600) feet below the surface, to wit:

Township 17 South, Range 33 East, N.M.F.M.
Sec. 5: ~~N1/4, N2/4~~
Sec. 8: ~~NW1/4, S1/4~~

being a portion of the lands covered by State of New Mexico Oil and Gas Lease No. E-881-1.

(1) Assignor does hereby except and reserve unto itself, its successors and assigns, an overriding royalty equal to five per cent

#4631

(5%) of the market value at the wells, as produced, of all oil and gas which may be produced, saved and marketed (except that used for development purposes on said lease or unavoidably lost) from the above described lands down to and including a depth of forty six hundred (4600) feet below the surface, under the terms of said lease, or any extensions or renewals thereof, or which may be allocated to said lands pursuant to the terms of any cooperative drilling or unit agreement to which said lands or any part thereof may be committed following approval thereof by appropriate governmental authorities. Said overriding royalty shall be computed and paid at the same time and in the same manner as royalties payable to the State of New Mexico under the terms of said lease are computed and paid, and Assignor shall be responsible for its proportionate share of all taxes and assessments levied upon or against or measured by the production of oil and gas from said lands; provided, however, such overriding royalty hereby reserved shall be free and clear of all other costs and expenses.

(2) It is understood and agreed that all oil and gas and other mineral deposits produced from said land from all formations below a depth of forty six hundred (4600) feet below the surface shall remain and belong to Assignor, subject to the existing royalty in favor of the State of New Mexico under the provisions of said lease.

(3) Assignee shall have, and is hereby given, jointly with Assignor, the right of possession and occupancy of the surface of the land under said lease covered by this assignment for the purpose of drilling for, mining, extracting, removing, and disposing of all the oil and gas and other mineral deposits in or under said land, and for the purpose of exercising any other rights and privileges afforded by said lease.

(4) Assignor and Assignee shall each have full and complete supervision, management and control of their respective operations upon land covered by this assignment for the production of oil and gas from the formations held by the parties in accordance with this assignment.

(5) Assignor and Assignee agree to indemnify and hold harmless each other, their successors and assigns, from any liability to third parties arising out of their respective operations on said land.

(6) All wells drilled by Assignee on the lands covered by this assignment shall be drilled at his sole cost, risk and expense, and in the drilling thereof, Assignee shall comply with all applicable laws and regulations of the appropriate governmental authorities having jurisdiction of drilling, as well as with the terms and conditions of the oil and gas lease covering said land. Should a well drilled by Assignee be completed as a dry hole or as a well incapable of producing oil or gas in paying quantities, it shall be plugged and abandoned by Assignee at his sole cost and expense and in accordance with applicable regulations.

(7) No change of ownership in the interests of Assignee shall be binding on Assignor until after notice thereof to Assignor and until Assignor has been furnished with a photostatic or certified copy of a recordable assignment.

(8) Assignor shall pay the rentals when they become due under the aforementioned lease insofar as it covers the lands subject to this assignment, and Assignee shall promptly reimburse and pay Assignor one-half (1/2) of the rentals paid by Assignor on said land.

(9) Assignee shall promptly pay all royalties due the State of New Mexico which may become due on the production from the interest herein assigned.

(10) Assignor and Assignee agree that they will not surrender or relinquish to the State of New Mexico the lands or the oil or gas deposits therein or any part thereof, or surrender or relinquish said lease insofar as the same may affect any of the land covered by this assignment without the consent in writing of the party not making the surrender or relinquishment. Assignee also agrees that he will not commit any act which will furnish cause for forfeiture or cancellation of said lease, and that immediately upon the receipt of any notice or communication pertaining thereto from the State of New Mexico, or from any other person, Assignee will transmit such notice or communication, or a copy thereof, to Assignor.

(11) Neither of the parties hereto shall be liable to the other for loss or damage to property, or for the loss of any interest in said lease, or for delay or default in the performance of any obligation hereunder when such loss, damage, delay or default is caused by strike,

labor difficulty, fire, flood, tornado, act of God, war or conditions resulting from war (such as inability to secure men, materials and transportation), or other cause beyond the reasonable control of such party, whether similar to those herein specified or not.

(12) Assignee agrees to observe and comply with all provisions of said oil and gas lease and the obligations imposed thereby, unless herein specified to the contrary, and by all applicable requirements of duly constituted authorities of the State of New Mexico and all requirements and agreements herein set forth.

TO HAVE AND TO HOLD said operating rights covering the above described lands down to the depth specified and the rights, titles and interests herein conveyed unto Assignee, his heirs, successors and assigns, forever.

For the same consideration Assignor covenants with and warrants to Assignee that said oil and gas lease is in good standing and that the same is free and clear of all liens and encumbrances and obligations of whatsoever character, and that it will warrant and forever defend the title thereto unto Assignee, his heirs, successors and assigns, against all persons whomsoever lawfully having or claiming, or to claim an interest thereunder, by, through or under Assignor.

IN WITNESS WHEREOF, this instrument is executed as of the day and year first hereinabove written.
